Re: General FDA Status of StyroChem Polystyrene and Expandable Polystyrene

To Whom It May Concern:

StyroChem certifies that the polystyrene and EPS it manufactures complies with the US. Food and Drug Administration's criteria regarding residual styrene, as set forth in 21 CFR 177.1640 for use as food contact items.

StyroChem's T24, T28, and IMW polystyrene, and T104, T113, T170, T280, T380, D480, ES113, ES280 and C113 expandable polystyrene have been formulated to comply with FDA regulations for use as direct food contact items, per 21 CFR, Part 177, Subpart B, Section 177.1640 entitled "*Polystyrene and Rubber Modified Polystyrene*".

Sincerely,
